CONNELLVILLE, PA., FRIDAY EVENING, OCTOBER 1, 1920.

LARDING CONDEMNNS LAX ENFORCEMENT OF PROHIBITION

On Par With Failure to Prevent
Outrages Such as Lynch-
ings, He Says.

DEPARTMENT PROPOSED

or Purpose of Dealing With Prob-
lems of Social Welfare and Sag-
gestion Is Made by Republican
Nominee That Women Have Places.

MARION, O., Oct. 1.—Lax enforce-
ment of prohibition was condemned
"without qualification" by Senator
Larding in a front porch speech
today outlining a policy of organized
effort for the promotion of
social justice and welfare. Address-
ing a gathering of women, the Rep-
ublican nominee proposed estab-
lishment of a "department of public
welfare" in the national government
and added that in his opinion law en-
forcement was one of the important
requisites of social progress.

"The enforcement of the law is an
executive responsibility," he con-
tinued, "and must be undertaken by
the executive without regard for his
personal approval or disapproval of
the law which it has been the people's
will to enact. We must have a re-
spect for law-abiding principles. We
must all condemn without qualifica-
tion the failure of enforcement of the
prohibition law just as we must condemn
the failure of establishment authority to
prevent outrages of violence such as
lynchings."

The Senator asserted that he re-
garded enforcement of law as "a
fundamental principle of the Ameri-
can conscience" but he did not dis-
cuss the prohibition law at length.
In another part of the speech he
warned against assumption of too
much authority by the federal gov-
ernment in welfare matters, saying
that "there was grave danger at
hand when centralized expression be-
gan to take form from local communities
of the burden of social conscience."

Sketching his conception of the new
federal department he said it might
be formed in part by the transfer
of various governmental bureaus
now dealing with the different as-
pects of social welfare. He sug-
gested that women should have an
important part in the work of the de-
partment and mentioned maternity
care, child welfare, public health,
human labor regulation and stability
of employment as questions in-
volved in social betterment. He also
voiced his confidence that American
women would stand with the Republi-
can party against the League of Na-
tions but said he would oppose the
League and would appeal to the
sense of the women of America.

VANDERBILT BRIDGE OPEN

New Structure of State Road Is Placed
in Place of Work.

The new bridge on the state road
near Vanderburg, Pa., has been thrown
open to traffic. The structure was com-
pleted several days ago by Contractor
Louis C. Dicksen. The old bridge had
been closed for several years, being
declared unsafe, and it was deemed
necessary to make a detour through
another part of the town.

The new structure is a handsome
one of reinforced concrete. The con-
tract price was \$4,000 but delays oc-
casioned by labor shortage and ad-
vances in materials in the meantime
resulted in the actual cost being
more. It is a fine piece of workman-
ship. None of the steel reinforcing
shows. The bridge is 49 feet long
and 23 feet wide. At the center it is
25 feet above the stream.

FROST IS FORECAST

May Be Light, Noon Prediction of
Weather Bureau Says.

Frost is forecast for tonight by the
weather bureau which says it prob-
ably will be light.

The cold spell which settled yester-
day, accompanied by a steady rain,
continued today and was made more
penetrating by a sharp wind. Over-
cast was again out of their summer
stomachs, and were in use gen-
erally today.

The highest temperature attained
yesterday was 54. During the night
the thermometer fell to 45 degrees.
At noon today the mercury stood ex-
actly at 50 degrees, and there seems
to be no prospect of it getting any
warmer. The first look a rise on ac-
count of the rain, going from 1.50
to 3.50 feet over night.

CLAMP PLANT SOLD

Mrs. George H. New, Owner of
Caldwell Plant, Sold.

The Caldwell Dyeing & Cleaning
establishment at South Pittsburg
street has been sold by Mrs. R.
W. New to Mrs. Anna Belle Gamas,
widow of George Gamas, who has
been employed with the concern since
it began business.

The new owner took charge this
morning.

Cost of Iron in China.

Recent investigation reveals that it
costs \$400 a ton to manufacture
iron in China.

Appeal of the Library Trustees Will Meet With Ready Response; Over \$2,700 is Already Provided

Evidence has already been offered
to show that the appeal of the trust-
ees of the Carnegie Library for funds
to carry it through the current year,
and thus prevent closing of its doors,
will meet with ready and cheerful re-
sponses from those citizens who ap-
preciate the advantages the institu-
tion has provided the community.

Nearly this morning a well-known
man who has always done his full part
in every worthwhile movement de-
signed to promote the best interests of
Connellsville and the adjacent com-
munities, notwithstanding he is not a re-
sident of the city, called at the office of
the Courier and left his check for a
substantial amount with request that
it be turned over to the library trust-
ees.

"I know so well the benefits the
young people of this section have de-
rived from the library," he said, "and
have so much interest in seeing it
equipped to better serve our people,
and have the kind of pride in local
institutions that I want to do some-
thing to help prevent the disgrace of
closing its doors. We must not per-
mit that to be done, and I don't believe
the people will."

While no arrangements have yet
been made to systematically solicit
contributions to the fund, a number of
citizens have expressed their inten-
tion of subscribing to it liberally, and
several are being turned in today.
Ex-Mayor Marietta, president of the
board of library trustees, who offered
at the time the "drive" was proposed
last summer to have the list with \$500
today turned over his check for that
amount and also arranged for checks
to be made out for the industrial com-
panies of which he is president, be-
fore he takes his departure tomorrow
for Cambridge Springs. These and
checks from the individual members of
the board of directors, and the Presi-
dent Marietta's personal subscription,
will total \$2,700. This even before
the campaign is started a very sub-
stantial sum has been provided in cash.

VICTORY MEDAL DISTRIBUTION ARMISTICE DAY

Milton Bishop Post, the Ameri-
can Legion, Takes in Hand
Task Here.

CLOSING CITY IS PROPOSED

Milton L. Bishop Post No. 301, The
American Legion, has made arrange-
ments to deliver Victory Medals to
honorable discharged service men.
Applications for these may be made
at the Legion headquarters above the
Solomon theatre, beginning tonight
and any time until next Tuesday
night.

Application blanks have been re-
ceived and these can be filled out in
the evenings at Legion headquarters,
or during the day by Charles Donnelly,
in the office of the Stader Coal
company, located on the same floor as
the Legion post. The service men
must present their honorable dis-
charge papers in order to procure the
Victory Medals.

The post wishes to make the dis-
tribution of the medals part of the Ar-
mistice Day program and desires
many as possible to make imme-
diate application. The medal is cor-
rected as a bar in three colors—navy blue,
marine green and khaki brown. There
are stars for 12 major offensives and
bars for defensive engagements.

H. Dana Wright, Charles A. Plonk,
Lloyd J. Stetson and Dr. A. R.
Kidd were named as a committee
to arrange for the Armistice Day cele-
bration. The plans include the clos-
ing of the city by 10 o'clock in the
evening to prepare for the full ob-
servance of the occasion at 11
o'clock, the hour the armistice became
effective. This committee will go to
work at once.

Next Thursday night will be open
house night at the Legion head-
quarters. A committee composed of
Charles A. Donnelly, Max C. Plonk,
Fred D. Munson, Harry G. Mason, For-
estor Shook, Lloyd J. Stetson, Ralph
Rudo, Thomas W. Scott and Carl
Stehle has charge of arrange-
ments for this event. All the members
of the post, former service men, mem-
bers of the auxiliary and residents of
the city will be invited. There will be
special music. The house committee
will also draw up a set of house rules.
The post plans to have its annual
minutemen show about Thanksgiving
time. It will take a different form this
year, being along more original lines
and closer to overseas activity. John
Brown was named director. J. S.
Dillworth heads the committee. Other
members are: Forst R. Shook, Carl
Floto and B. M. Shoff.

Harry G. Mason was elected basket-
ball manager, with Lloyd McCall and
D. G. Randolph as assistants.

Membership in the post is picking
up, three new men being accepted in
the past week.

TYPHOID AT BENTLEYVILLE

One Death Reported, 14 Persons Seri-
ously Ill With Disease.

An epidemic of typhoid fever is
raging in Bentleyville, a little town
near Charleroi. One boy is dead, 12
children and two adults are now seri-
ously ill of the disease.

State sanitarian engineers who in-
vestigated believe the epidemic to have
been caused by a spring on the prop-
erty of Herbert H. Hertzog, cashier of
the Farmers and Miners Bank of
Bentleyville, which became contaminated
with sewage. Hertzog's son, Her-
bert, Jr., was the first case to be dis-
covered, and it has been the only fatal
one so far.

District Elders Chosen.

BUTLER, Pa., Oct. 1.—The election
of district elders to serve for the en-
suing year was held at the morning
session of the Pittsburgh conference of
the Free Methodist church, this
city, yesterday morning. The follow-
ing were elected: Pittsburgh district,
Rev. R. Zahniser; Rochester district,
Rev. William G. Long; Butler district,
Rev. D. W. Pose; Uniontown district,
Rev. R. B. Campbell.

IGNATIUS FRIEL'S BODY HOME; FUNERAL ON SUNDAY MORNING

Full Military Honors Will Be
Accorded Youth Giving
Life in France.

REQUIEM MASS MONDAY

The body of Ignatius L. Friel, who
died in a base hospital in France, ar-
rived here this morning from New
York and was removed by Funeral
Director Francis J. Stender to the
home of the deceased's parents, Mr.
and Mrs. Francis Friel, York avenue.

The dead soldier will be buried
Sunday morning with military hon-
ors, Milton L. Bishop Post 301, The
American Legion, and the Veterans

Private Ignatius L. Friel

of Foreign Wars having charge. A
driving squad will be furnished by the
organization while the pallbearers
will be selected by the young
man's parents. The funeral party
will accompany the body to the
church for the regular 9 a. m. ser-
vice, leaving at 8:30 a. m. for the
burial. Requiem mass will be cele-
brated on Monday morning at 9
o'clock.

All Legion men and Veterans of
Foreign Wars are requested to attend
the funeral on Sunday. The inter-
ment will be made in St. Joseph's
cemetery.

The body of Mr. Friel was ac-
companied here by a soldier, who re-
turned to New York today. He stated
that the bodies of 800 soldiers had
arrived in New York.

DEFEAT OF RUSS FORCES ON NORTH OVERWHELMING

One Whole Army Surrenders After
Killing Commanders Who Attempt
to Compel It to Fight.

WARSAW, Thursday, Sept. 30.—The
defeat of the Russians on the Polish
northern front seems virtually com-
plete. The Soviet troops are reported
fleeing eastward in disorder in an ef-
fort to avoid being surrounded by the
Poles who are in close pursuit.

The result of the victory is declared
by experts as eliminating any chance
of the Bolsheviks launching the full
offensive by which Minister Trotsky
is planning to drive back the Poles
from the territory they occupied after
the failure of the Soviet attempt to
capture Warsaw.

The advances from the front report
that one Russian division surrendered
to the Poles after having murdered all
the commissars with it, who tried to
compel the troops to offer resistance.
Tonight's communiqué declares that
Bolsheviks all along the northern
front were whipped unmercifully,
much to the discouragement of their
commanders.

The commander of the third Bolshe-
vik army committed suicide. It is as-
serted, when he realized that his com-
mand had been completely smashed.

SNOW IN SOMERSET

Travelling Man Reports Report of First
of the Season There.

Snow fell at Somerset this morn-
ing according to news brought to
Connellsville by a traveling man.

Weather Forecast

Fair and somewhat cooler, probably
light frost Saturday, fair with some
what rising temperature in the noon
weather forecast for Western Penn-
sylvania.

Temperatures Record.

1920 1919

Maximum 64 75

Minimum 48 62

Mean 56 68

Tomorrow Last Day to Register, Also to Pay Tax in Order to Vote at Election on November 2

Men and women living in Connellsville
and Uniontown who have not regis-
tered for the November election must
do so tomorrow if they hope to
vote. It is their last chance. They
must appear in person before the reg-
istrars at the ward polling places. The
registrars, also deputy tax collectors,
will be there from 7 o'clock in the
morning until 1, from 2 until 6 and
from 7 until 10.

This does not apply to persons out-
side of Connellsville and Uniontown.
All they need to do is see that their
county tax is paid. Tomorrow is the
last day for that. It is also the last
day for voters in Connellsville and
Uniontown to pay their taxes.

Among some Connellsville women
there is a belief that it is not neces-
sary to go to the polling places and be
registered. There are some men who
are under the delusion that because
they registered last spring they need
not now. Last spring's registration is
void. All voters in the city who were
not registered the two days set aside

NEXT YEAR'S COUNTY TEACHERS' INSTITUTE TO BE HELD IN AUGUST

At a meeting of principals and
superintending principals of Fayette
county in Uniontown this morning the
subject of school teachers was
brought up. The situation is a seri-
ous one, it is pointed out, there being
28 schools in the county at present
without teachers. Applicants for po-
sitions have been examined at the
rate of three a day since September 1.
In some districts the schools are
crowded, there being as high as 108 in
a room. In some districts half day
sessions have been necessitated, the
hours being from 8 to 12 o'clock and
from 1 to 4 o'clock. In one district, it
was reported, there were only five
looks for 10 pupils. The book short-
age is general.

It was agreed that the county insti-
tute, beginning with 1921, would be
held in August. The dates for next
year are August 29, 30, 31 and Sep-
tember 1 and 2.

Superintendent Carroll reported he
had made an inspection and found the
vaccination of pupils to be 100 per
cent, only those having certificates
being accepted as physically unfit for
vaccination being accepted from the
equipment. Truancy is also re-
ported, the attendance being at the
highest attained in years.

MYSTERIOUS SHOOTING

Hunter Believed to Have Killed Death
of Cheat Haven Bay.

The body of Joseph Ray, 11 years
old, son of Mr. and Mrs. James Ray of
Cheat Haven, was found lying in the
middle of a road near Cheat Haven
yesterday afternoon about 4 o'clock
with buckshot in his neck and chest.
He was dead when found, and his body
was lying in such a position that led
those who found him to believe he
had been shot by some one up the
road ahead of him.

It was thought that his distinctive
parents so far are able to reach it
that he was shot accidentally by some
hunter, as he is one of the best-killed
boys of Cheat Haven and, so far as is
known, did not have the will of any
one. Ray, who worked for his father,
the superintendent of the Porters
coal company near Cheat Haven,
had started to hunt a pony, which had
an away.

OLD INJURY FATAL

Indian Head Man's Broken Leg Never
Properly United.

Albert G. Miller, about 45 years old,
a well-known resident of Indian Head,
died Wednesday in Mercy hospital,
Pittsburg, as the result of an injury
suffered two years ago when he fell
from a pony. His leg was frac-
tured and while the fracture had been
reduced several times the bone never
properly united. He was taken to the
hospital for an operation.

Mr. Miller had resided at Indian
Head a number of years. His widow
and a family of children survive.
The body arrived here this after-
noon, and was taken to Indian Head,
the funeral in charge of Funeral Di-
rector C. B. Brooks, will be held to-
morrow morning at the Lutheran
church at Indian Head, followed by in-
terment in the church cemetery.

CHILD SWALLOWS POISON

Four-Year-Old Italian Boy Gets Hold
of Mercury Tablet.

Louis Conti, four-year-old son of
Mr. and Mrs. Frank Conti, yesterday
swallowed half a bicarbonate of mer-
cury tablet while at play during the
absence of his mother, who had gone
to a neighbor's home. He found the
tablet in a cupboard. His screams
attracted his father and a physician
was summoned.

The Conti family recently moved
here from Monacahe City. They
reside in Cummings avenue.

CHURCH COUNCIL DEATH

CLEVELAND, Oct. 1.—Joseph H.
McGraw, said to be the son of a
wealthy wool merchant, died in a hos-
pital this morning from burns suf-
fered when his clothing took fire in his
hotel room. A cigar, which Mc-
Graw was smoking in bed caused the
blaze, according to Ralph Brown, his
chauffeur, who occupied the same
apartment.

Her Father Dead.

Mrs. Harry Beagle of Scottdale has
been called to Allentown by the death of
her father, Mr. Beagle.

HIGH SCHOOL'S ENTERTAINMENTS OPEN OCTOBER 15

Ten Numbers Arranged For Pre-
sentation to People of
the Community.

BEST TALENT AVAILABLE

Initial Attraction Will Be Laurant,
Maclean, Chaulaqua Headliner;
Only Lecture of the Course Will Be
By Edward Amherst Oct. 20.

A 10-number entertainment course
has been announced by the Connellsville
high school for this winter.

The first number will be given in
the auditorium on October 15, the first
number will be March 31. All enter-
tainments will be on Friday evenings
and have been arranged in the best
schedule possible. In some instances
it was necessary to take what days
the Redpath bureau could give in or-
der to secure the desired attraction.

The course is considered to be made
up of even better talent than the one
given last season. In order to secure
higher class entertainers, a course of
greater cost has been contracted for.
Season tickets will be placed on sale
soon.

The opening company will be Laurant
and his company of magicians. The
"mystery man" has been a Chaulaqua
headliner for 17 years. He is
also accompanied by Miss Greta
Banes, pianist, who will give piano
solos during the magician's program.

Miss Dorothy Saxe, who has been
one of the modern dramatic comedies in
her repertoire, will be here on Octo-
ber 20. She presents character mon-
ologues and also "Every Woman,"
"Cousin Kate" and "The Mis-
leading Lady."

Harold Proctor, a well-known line
tenor, who has been touring the United
States, will make his first appearance
in this part of Pennsylvania when he
comes here on November 5. He has
sung under great composers and his
voice has been described as being
"like a horn of gold." He has been
contracted for this by Dr. Edward
Amherst Oct. 20. He is scheduled for
November 28. Dr. Ott has been heard
before and has always been a
profound impression. His popular lec-
ture this year is "Victory." It is not a
week long.

Another platform number is Judge
George D. Arden on December 10.
What is expected to be the most
popular company on the entire course
is the Adelphi Concert company,
which will appear on December 17.
This is a well-known Connellsville
last season. The single admission
charged those who do not have season
tickets will probably be raised for this
number. An especial attraction by the
company this season is "A Pastoral
Frolish," a brief recital of old English
melodies.

The "noise makers" will be the H.
C. Conant company, dated for Jan-
uary 14. Carl H. Hippie, manager,
is known as the "wizard of the xis-
phone." The numbers include both
classical and popular selections in
theatre and every kind of musical in-
strument.

The Adelphi Entertainers, a company
of character impersonators, readers
and musically talented people, as
other of the high class attractions se-
lected for the year. They are dated for
January 21.

Alton Packard, "caricature" supreme
and humorist extraordinary, will be
the attraction on February 4. He
makes his audience laugh and weep
and sings himself into the hearts of
people with songs, songs, written by
himself, and draws pictures that stick
to the memory of his audience.

The Montague Light Opera Singers,
who were in the city three years ago,
both on the high school course and the
Chaulaqua program, will close the
season program. The company is ex-
pected as a "gold mine" for the high
school. It was popular here after the
Chaulaqua numbers and proved a big
attraction on the high school course.

The schedule of numbers has been
so arranged that it does not conflict
with the Christmas holidays. After
tickets have been placed on sale, an-
nouncement will be made regarding
reservations.

FIFTH WARD AMBITIOUS

Hopes to Hold Lead in Registration on
Vote.

Fifth ward central committee are
urging every person in that dis-
trict, who has not yet done so, to
register tomorrow in order to be able
to cast a vote at the November elec-
tions. The Fifth ward, it is reported,
led the city in the number of
registrations on the other registered
days and in order to keep this place
every person whose name is not yet
on the books will have to turn out.

The Fifth ward registration is not
nearly up to the 100 per cent mark.
In fact, all the men in the ward have
not been enrolled, and there are still
a number of women who are eligible.

Philadelphia Press Sold

PHILADELPHIA, Oct. 1.—The Phil-
adelphia Ledger company, of which Cyrus
H. K. Curtis is president, announced
yesterday that it had purchased the
Philadelphia Press and that the paper
will be consolidated with the morn-
ing Public Ledger. The Press owned
publication is

KENNETH A. REID TO WED FORT WORTH

Connellsville society is interested in the wedding of Miss Henry Lassiter, daughter of Mr. and Mrs. Robert Lassiter of Fort Worth, Tex., and Kenneth A. Reid, son of Mrs. James Madison Reid of West Peach street, to be solemnized tonight at 7 o'clock in the bride's home. A large number of guests will attend. Mrs. John E. Kepner, of Philadelphia, a sister of the bridegroom, will be one of the bride's matrons of honor, while Mr. Kepner will be an usher. J. Donald Reid will be the bride's best man. The bridegroom's mother will also be a guest at the wedding. Following the ceremony Mr. Reid and his bride will leave for Connellsville where they will spend several days with the former's mother. From here they will return to Philadelphia, New York and White Sulphur Springs. On their return from their honeymoon trip they will be at home in Fort Worth.

Maccabee Tea Club Meets

The Maccabee Tea club of Dunbar met Tuesday at the home of Mrs. John Jones and carried out a splendid program, including music by Mrs. Lloyd Longshore, Helen McGee, Marie Sholly and Thelma Longshore; and a recitation by Mrs. George Greaves. Plans for a mask party to be held on Tuesday evening, October 24, at the home of Mrs. Frank Baker were made. Dainty refreshments were served.

Children's Party

Mrs. Paul B. Dick will be hostess at children's party tomorrow afternoon at her home in Willis road in honor of the birthday of her little daughter Eugene.

Granted Marriage License

John H. Brown and Mary Williams of Smithfield were granted a marriage license in Uniontown.

Myers-Allen

Miss Nellie Myers and Bedford P. Allen, a well-known couple of this city, were married last evening at 7 o'clock at the Methodist Protestant parsonage in East Apple street. Rev. J. H. Lamberton, the pastor, officiated, the ring service being used. Miss Martha Schilling, the bride's cousin, was her only attendant. The bridegroom is employed at the McCauley foundry on the West Side.

Rhodes-Forsythe

Elmer E. Forsythe of Banning and Lucia M. Rhodes of Smithfield were licensed to wed in Pittsburgh yesterday.

Stein-Cameron

Miss Anna Elizabeth Stein, daughter of Mr. and Mrs. George P. Stein of the Hotel Vassar, Somerset, and Dr. James B. Cameron of Philadelphia, were married Wednesday evening in Trinity Lutheran church, Somerset. Rev. F. Hess Wagner, the pastor, officiated.

Wed at Cumberland

Harold A. Mack and Mary O'Laughlin, both of Uniontown; John D. Leighty and Ida B. Kern, both of Dunbar; John J. McCloskey and Elizabeth C. O'Brien, both of Lemont Furnace, took out licenses to wed at Cumberland.

Dawson Congressional Meeting

A meeting of the congregation of the Presbyterian church at Dawson has been called for this evening at which time it is stated important business will be transacted and to which all members are urged to come.

Pittsford Festival Postponed

A festival arranged for Saturday evening in the church at Pittsford has been postponed for two weeks, to October 16.

Walker-Clover

The marriage of Miss Pauline Walker, daughter of Mr. and Mrs. J. Walker of Somerset, and John Palmer Clover, also of Somerset, has been announced. The ceremony was solemnized last Sunday afternoon in Washington, D. C. The bridegroom served overseas with Company, Tenth Infantry, and was among the number of that command taken prisoner by the Germans.

Mrs. Whitmore Hostess

The Damon club was delightfully entertained last evening by Mrs. Ernest Whitmore at her home in North Pittsburg street. Ten ladies were present and spent the evening at a game of cards. A delicious luncheon was served. Mrs. Charles Marletta was a guest of the club. The next meeting will be held at the home of Mrs. James Cowell.

Shower For Recent Bride

Mrs. William Wardlaw, a recent bride, was tendered a miscellaneous

OUT TO-DAY

October Victor Records are Here

Dardanella renews all its old popularity with the "Dardanella Blues," issued with the October list of Victor records. It is sung by Billy Murray with Ed Smalle and is a regular Billy Murray record which promises to rival its original.

There are many excellent records in the October supplement. Every one of them is well worth hearing. Come in and let us play any one of them or all of them in our sound-proof rooms. It will be a pleasure to serve you.

WESTMINSTER HEAD HERE

President of Theological Seminary to Speak at M. P. Church.

Being in Connellsville on a matter of private business, Dr. H. L. Eldredge, president of Westminster Theological Seminary at Westminster, Md., accepted the invitation of the pastor, Rev. J. H. Lamberton, to speak Sunday morning and evening at the Methodist Protestant church.

There will be no special offering at either service. President Eldredge is not here for that purpose. The pastor knew of his coming and simply invited him to speak.

Rumors Sunk

The Ladies Aid of the Methodist Episcopal Church are having a bazaar sale at the Annex October 14 and 15. All members are asked to bring or send whatever they can give to the Annex—Adv-1-11

Do You Want Anything? If so, try our classified advertisements. They bring results.

Body of Private Henry E. Barnum Shipped From New York Today.

ARRIVED THERE TWO WEEKS AGO

Philip Bauman, Retired Distiller, Dead at West Overton Chamber of Commerce to Begin Membership Drive Monday; Senior Class Names Officers

Special to The Courier.
SCOTSDALE, Oct. 1.—A telegram has been received by J. I. Murphy & Son that the body of Private Henry E. Barnum would be shipped from New York on October 1. Over two weeks ago the family received word that the body had reached New York.

Philip Bauman, 62 years old, for a number of years distiller at the Old Farm distillery, died yesterday morning at West Overton from heart trouble. Funeral services will be held Saturday morning and interment will be made in a Pittsburgh cemetery.

Senior Class Names Officers.
The senior class of the Scottdale high school has organized for the year with the following officers: President, Joseph A. Kennedy; vice president, Lawrence Fox; secretary, Louise Sills.

For Sale.
Solid oak china closet, good as new, Mrs. Alex Taylor, corner Hickory and George streets.—Adv. 1-54.

Time Extended.
The committee from the chamber of commerce in charge of the slogans and emblems for Scottdale has extended for 10 days the time in which boys and girls to Scottdale and vicinity may enter the contest to furnish the best slogan or best emblem.

Fall Opening Sale.
Prices have been lowered for this event and economical women will be quick to take advantage of these opening sale values. Suits, coats, dresses and millinery at actual savings of \$10 to \$25. Here is an example of the low price policy at Bonnier's—We are saving for you in two ways—we save for you in our buying and sacrifice our profit and save for you in our selling. You have not seen fine garments like these in years at these prices: Suits, \$24.98 and up; coats, \$14.98 and up; dresses, \$9.98 and up; millinery, \$2.98 and up; skirts, \$3.95 and up; waists, \$2.95 and up; children's coats, \$4.95 and up; dresses, \$1.39 and up. Bonnier's, "as you get off the car."—Adv.

Ball Game Saturday.
Scottdale high football team will have its first home game at Loucks park tomorrow afternoon when it will meet the Mount Pleasant township high at 3 o'clock.

T. M. C. A. Tag Day.
The Ladies' auxiliary of the T. M. C. A. will have a tag day on Saturday. The committee in charge has made up a list of names. Mrs. G. E. Huttie, Miss Anna Silsley, Mrs. Russell Hockmeyer, Mrs. Theodore Lessig, Mrs. John Riley, Mrs. Ralph Stoner, Mrs. Ben Miller, Mrs. J. T. Keithley, Mrs. Walter Null and Mrs. W. D. Stoner.

For Sale.
Six-room house, one and one-half acres choice land. One street car fare from Scottdale. Can give possession in five or 10 days. An ideal home for \$2,000. E. F. Doherty, 299-3 Bell phone.—Adv. 30-31.

Chamber Membership Drive.
The chamber of commerce will on Monday start a membership campaign. Myer M. is chairman of the committee and something extraordinary in this line is promised.

Personals.
Miss Alice Calvert is spending a few days with Oakdale friends.

Mrs. William Mackoy, of Everson, spent Thursday with Pittsburgh friends.

Mrs. and Mrs. T. J. Diskin spent yesterday in Pittsburgh.

Mrs. James Wardlaw and daughter, Mrs. Kelly, were the guests of Pittsburgh friends, returning home on Thursday.

Mr. and Mrs. J. C. Richard of Homestead arrived last on Thursday for a few days' visit with their son, Frank, and family of Columbiana, O.

Patronize those who advertise.

Ouch! Such Pain!

It takes you right in the back! Sometimes in the arm, hip or foot. It's all due to an overabundance of that poison, called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Doctor Pierce, which is, "keep the kidneys in good order." Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric Tablets." This can be obtained at any drug store, in tablet form.

NEOSPORIN, PA.—"In regard to the use of Doctor Pierce's Anuric, would say that I have never taken any medicine that helped me more. I had been troubled with kidney trouble and lame back so that I could not walk straight, and was not feeling able to do anything, but after taking the 'Anuric Tablets' I feel like a new man. I am 87 years old and have worked all summer and give 'Anuric' the credit for it. I would say to all that have kidney trouble, try 'Anuric'."—Jacob Goob.

Recognized as the Standard of Stove

Know the Quality of the Garland trade mark

Value and Quality Throughout the Nation

Tomorrow Is the Last Day

Tomorrow is your last opportunity to see the wonderful GARLAND Combination Range in actual operation. See it turn out the most delicious,

tasty and appetizing cakes, rolls, bread and pastry at so small a cost it will surprise you. Learn how to lighten your kitchen work at our—

Free Baking Demonstration and Special Sale of the World Famous Garland Stoves AND Ranges

Come in—see the famous Garlands that have been giving a most pleasing service and complete satisfaction for nearly half a century. Note their superior construction—insuring a lifetime of service. And from the range in actual operation—judge for yourself the cooking and baking supremacy of GARLANDS.

End Gas Worries With a Garland Combination

This winter when the gas shortage comes—do you even the gas companies are telling you it will—you won't have to contend with cold and uncooked meals—that is if you have a Garland Three-Fuel Range. Because with the Garland you can bake and cook with wood or coal as well as with gas.

The Famous Garland Three-Fuel Range is the best operating Combination Range you can buy—it's the range that's giving complete satisfaction everywhere. And here are some of the reasons why you should choose the Garland.

—Burns coal, wood or gas—slugs or all together with perfect results.

—Keeps your kitchen cool in summer and warm in winter.

—Bakes the same with coal as gas. Simply pull out the lever when you bake with gas. Simply push back the lever when you bake with coal.

—All cast-iron—extra heavy construction in every detail. Every part guaranteed for long life.

—Famous GARLAND quality—assuring a lifetime of service and satisfaction.

—Every GARLAND Range is backed up by the GARLAND Policy of Assurance and by Aaron's "satisfaction guarantee"—doubly insuring your complete satisfaction.

And the Garland Three-Fuel Range—with all its superior advantages costs no more than you are asked to pay elsewhere for commonplace stoves.

Why Garland has the "Call"

The Actual Proof: 245 Pieces in All

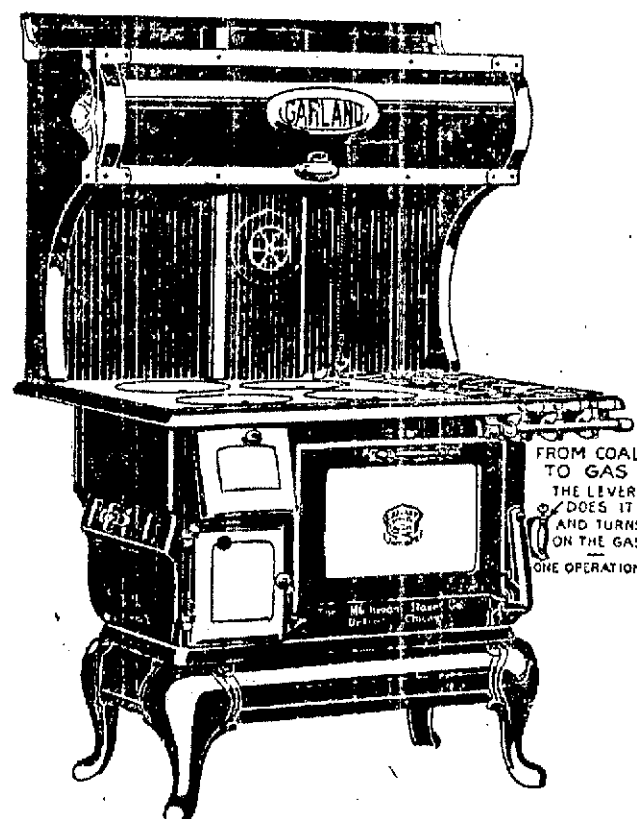

Here's Real Baking Economy

Just look at the mammoth baking pictured above—bread, pies, cakes, cookies, biscuits and what not—245 pieces in all—baked by Miss Clarice Anna Dudley, of Detroit, Mich., using but Ten Cents worth of coal and gas. This baking was accomplished by actual test and is supported by sworn affidavit.

And the Garland Will Do the Same For You

Here is the Best Combination Range Value Ever Offered

This GARLAND "Regent" Combination Coal and Gas Range \$89.00

Complete With Warming Closet Just As Shown in Illustration, \$20 Extra.

The "Regent" burns gas, wood or coal. It is of the famous Garland Quality construction—assuring a lifetime of satisfactory service.

BE SURE TO SEE THIS SPECIAL VALUE.

Come in often—Bring your friends. Ask as many questions as you want. We are always at your service.

Four Million Homes Have Garland Ranges

Women this year in Connellsville will cast their ballot for the first time. In another way, however, many of them have been voting for a good many years. Four million American housewives have voted for the Garland and have registered an overwhelming majority in favor of this famous stove. It has been selected as the "standard" by which stove values are measured for some mighty good reasons. Below are given some of the reasons why the Garland range is preferred:

A full-sized oven that bakes perfectly with any fuel—no cold spots anywhere.

Four lids for coal or wood and four burners for gas—both can be used at the same time.

White enamel splashers, perfectly smooth top, free from crevices—easy to keep clean.

The labor-saving devices that makes cooking and baking a real pleasure.

Heat-spreading gas burners that use less gas—an actual saving of 10% on all gas bills.

A guarantee in writing that your Range will give you positive satisfaction.

If you do not have a Garland, come in during this demonstration and let us tell you why so many women would have no other range.

Garland "Hot Blast" Heaters

Built to Perform

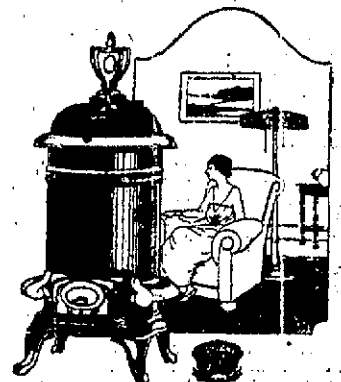

One Service—Well.

Raise Your

Temperature and

Lower Your

Fuel Bill.

The Garland "Hot-Blast" Coal Heater has established new high standards for heating efficiency. Its superior construction and many patented features are some of the reasons why it is preferred. Come in and let us explain fully why it operates so economically and satisfactorily.

Ohioopyle.

OHIOOPYLE, Sept. 30.—Mrs. C. Y. MacDaid spent Wednesday with friends at Confluence.

Mr. and Mrs. Cyrus Shaw and family, who spent the past two weeks with their son, Dr. C. W. Shaw, and family, at Cleveland, Del., returned home Tuesday afternoon.

Miss Anna Cox spent Tuesday calling on Confluence friends.

A son was born to Mr. and Mrs. Russell Davis on Monday evening.

Mrs. A. J. Colborn and daughter, Edith, of Connellsville, are spending a short visit with Mr. and Mrs. F. K. Bailey.

Mrs. Bertha VanSickle and sons were among the Connellsville callers on Wednesday.

Mrs. Sweeney and children have returned to their home at Uniontown after the past week spent here.

SMALL MINES

Including Team Track Furnish About Two Per Cent of Coal Output. Of the number and producing capacity of small mines, not rated as tipple mines, P. G. Tryon of the United States Geological Survey says that

KI-MOIDS

MADE BY SCOTT & BOWNE
MAKERS OF
SCOTT'S EMULSION

the statistics from the country banks are never complete because of the great number of these little producers. In 1918, the year of maximum production, reports were obtained from 2,719 country banks, practically all of which were without tipples. Their total contribution to the production of the country was 1,206,000 short tons, an average of 406 tons per year.

The Geological Survey also recognizes a class of "local commercial mines" which in ordinary times are restricted to a local business only and which produce less than 3,000 tons a year and employ less than 10 men. In 1918 reports were received from 550 of these local commercial mines.

To summarize, the records of the Geological Survey show that there are at least 3,300 country banks and local commercial mines producing less than 2,000 tons a year; that there are about 5,000 mines producing less than 10,000 tons per year; and that the total production of the latter group is less

than two per cent of the entire output for the country.

BUYING CHECKED

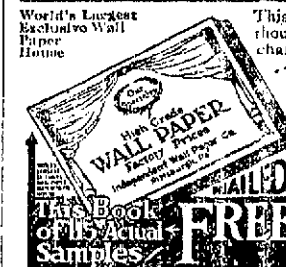

By the Railroads at Same Time Ball Comes in Automobile Building. Checking of the buying movement is becoming more noticeable in the railroad line and this coupled with the operation of shipbuilding and a building of automobile construction, is held in the trade to have pushed forward the day of readjustment in the steel industry.

If the railroad business is any indication, the period of readjustment promises to be short, as railroad buying is expanding confidently to some extent again before the end of the year, says the Cleveland Daily Iron Trade.

FRIDAY EVENING, OCT. 1, 1920.

FIRST FRIENDS OF THE
SLACKERS.

The revelation of the fact that the War Department has admitted "Hard Boiled" Smith to parole after serving but half his term furnishes another illuminating instance of the leniency the Democratic Administration has for coddling the slackers. Smith does not precisely come under the slacker class but the acts of leniency which he committed upon American soldiers unfortunate enough to be committed to the prison under his charge in France, and for which he was convicted by court martial and sentenced to 13 months in military prison, have caused him to be as heartily detested by service men as they have righteously condemned these weak-kneed creatures who lack the courage to do a man's part in the great emergency.

But the leniency shown Smith is so much in accord with the attitude of the War Department toward military delinquents of all classes that it cannot be dissociated from other acts which have been nothing less than a deliberate slap in the face of the men who risked their all against the enemy with no reward other than \$3.00 per day, while those who risked nothing and who made the special objects of the War Department's most tender solicitude.

Thus the "boys who went over the top" after the Hun recall that Secretary Baker granted a free pardon to a host of so-called "educational objectors," granted them full pay and allowances, and equipped them with new citizen clothing. Still more distinctly do they remember that through some official connivance when the War Department has not permitted to be cleared up, Slacker Bessie Smith was afforded opportunity to escape and to today a fugitive from justice, although it has been credibly reported that he is still in and around the city of Philadelphia enjoying his freedom under the very eyes of scores of government sleuths.

Not only have the veterans of the Argonne been obliged to suffer the humiliation of these things, but they have been asked by the Administration and its apologists, to give their support to a candidate who himself aided and abetted the sons of a wealthy Ohio man to secure immunity from military service. At the instance of the family of the Service boys Governor Cox wrote a letter which, when it came before President Wilson, was instrumental in having an order issued exempting them from military service after both the local and district boards had refused to place either in a deferred classification.

In view of this record of acts which have served to exalt instead of debase the practice of slacking in time of the nation's greatest emergency, it is the boldest sort of effrontery to ask much less expect, the men who suffered and sacrificed in their country's service will give their votes to retaining in power the First Friends of the Slackers.

REPLY STILL AWAITED.
With noticeable disinclination "to temper the winds of comment to editorial society," our once timorous but now strangely belligerent, contemporary company the "Daily Worker," has not only refused to furnish information concerning the "Missing 43," with sufficient clarity to suit its purposes.

Accordingly it demands, as if by authority which we respectfully decline to recognize, that we forthwith "make a specific charge of challenge," threatening to "unmask 35-inch cannon," "take up the butt of the English language," to start "a real drum fire" that we can "see" how it "sounds," and to do divers and sundry horrible acts and things designed, we presume, to encompass our utter annihilation if we fail or refuse to obey.

Regretting, but not fearing, to incur further displeasure, possibly also the consuming fire of his wrath, we trust our bellicose brother will pardon us, as well as clearly understand, when we state that we do not consider ourselves to be under either compulsion or necessity to accept a challenge upon this matter, and for reasons that, to us, are all-sufficient and controlling.

In the first place, the consensus of opinion is that compliance with our contemporary's demand is wholly unnecessary for the purposes in hand. Concerning the "Missing 43," the "Missing 55" and the "Unaccounted 12," we have it no time made charges, allusions, insinuations, intimations, in any form, innuendoes, or otherwise given in bad and certainly not in good faith, or connecting the name of any person associated with the News "or its friends" or supporters, or other equally "upright, law-abiding" people of this community, with the strange and baffling "mysterious dis-

appearances." Moreover, we have never regarded it as neighborly, even had we been disposed so to do. But the all other good citizens interested in having the mysterious cast upon our community by the "raiders" removed, we have merely been humble and earnest seekers after the truth and nothing but the truth. Having been apprised that our contemporary is exceptionally well qualified to clear up the situation, and impressed by its recent utterances and tacit admissions that it is thus poised, and able if not also willing and eager, to supply the much desired information—in which view the whole community shares—we have positively and in all sincerity propounded certain explicitly stated and perhaps pointed inquiries with a view to being enlightened.

Being as yet unfavored with an informing response, and hoping thus to refresh our neighbor's memory as to the delinquencies in this matter, we now crave the privilege of repeating our request, as quoted in the editorial columns of the News and reproduced herewith:

For instance, will it tell us why nothing has been done to apprehend and punish persons who are passing in or responsible for the "mysterious disappearance" of liquor from the bonded warehouses in this portion of the 23rd Internal Revenue District? Or, how is the discrepancy between the original "Missing 43" and the later discovered "Missing 55" to be accounted for?

Sustained and encouraged by an unflinching faith that our pointlessness will yet be rewarded, we await reply with still more completely restrained impatience.

Remember that closing the doors of the library means closing the door to opportunity for many young men of Conneltsville, among whom may be your own son.

One day only—tomorrow, October 2—remains for you to qualify as a voter by paying your taxes and registering in Conneltsville, and your taxes if a resident of a township or borough.

The War Department has certainly made a mistake in sending out of the "Hard Boiled" Smith case.

Billions of greenbacks may have been sent to the World Series "throwers" when not used, but they are not now proving very useful or sleep-producing.

Depend upon the legislature of Milton Bishop Post to keep Conneltsville prominently before the state and national conventions.

At times all too rare, but once in a great while, justice rises to its full realization of their delinquencies and we forget the imperfections of the jury system. As witness the righteous conviction of the delinquents whose names were implicated in the draft dodging of the Bengdolls.

Candidate Cox says he would have supported Bryan had the latter won first honors at the San Francisco convention. W. J. has not yet seen fit to return the compliment.

The position of umpire has become an object of envy compared with that of the game "throwers."

ENPEO
"BETTER FURNITURE"
NATIONAL PURCHASING ORGANIZATION

The Biggest Thing That Has Ever Been Done to Lower Furniture Prices in Conneltsville

When this store in recognition of its leadership was appointed the exclusive "ENPEO" store of Conneltsville, it brought about the biggest thing that ever happened to lower furniture prices.

As members of the "ENPEO" we in combination with 400 stores of other cities buy together—this works wonders as you can readily see. There is just one "ENPEO" store in each city, hence there is just one furniture store in Conneltsville that will at all times sell for less. And not only do these 500 stores buy together, but they jointly own several factories and are adding more right along—this affords a still greater saving in wholesale costs which in turn is passed to you in our lower prices.

COX'S SETBACK IS COMPLETE

His Preposterous Account of Republican "Slush Fund" Proved False.

ALSO EXPOSED AS A "WET"

Special Made by New Jersey Liquor Dealers' Association for Funds to Elect Him Reveals Position of Democratic Candidate.

By SCOTT C. BONE.

To the extent that Candidate Cox can divert public attention from the things that Candidate Cox stands for and typifies—Wetness and the like—Candidate Cox is a success.

He scored momentarily when he made the brazen, preposterous charge that the Republican party had set out to raise a slush fund of \$400,000,000 to buy the presidency.

Big newspapers gave him more headlines and those favoring his candidacy made the most of the multi-bank performance.

But the sensation was too empty to endure.

Confronted by cold facts, the bitter falsity of the outcry was quickly established, and Candidate Cox, revealed in his cheap guise as a purveyor of the truth, simultaneously stood exposed as "a pronounced wet."

Thus is he depicted and characterized by the New Jersey Liquor Dealers' Association in an appeal for funds to help elect Cox president.

Scoring as he did, temporarily—shielding himself, for the moment, from the blight of Wilsonism, while Boss Murphy chuckled, and Boss Eganman grinned, and Boss Tugart whined the other eye—Candidate Cox, in the end, has only succeeded in awakening and stimulating interest in the campaign. And this awakened and stimulated interest will assuredly make the Republican victory in November all the more overwhelming and complete.

What a contrast is presented as to candidates!

Warren G. Harding, in the becoming and dignified role befitting a nominee for president of the greatest republic on earth—not in the "ivory palace" of a town council or on a board of aldermen—is devoting his time to real problems of the day, domestic and international, and, with notable speeches of a constructive character, commanding the respectful attention of his countrymen and the world as well.

Verily—the contrast is striking indeed and, moreover, rewards to the credit and glory of the party of Lincoln, McKinley and Roosevelt—the O. O. P.

In these days of rapid inter-communication you can't feel any of the people any of the time.

Cox's Convenient Memory.

Governor Cox pretends to be filled with horror at the thought that the Republicans "spoke" to raise \$15,000,000. His conveniently forgetful memory, however, forgets that the Democrats, in 1916, raised a couple of million dollars in motion picture to raise a fund which one of its enthusiastic officers, estimated, would bring in from \$5,000,000 to \$15,000,000. A moderate Democratic collection bureau was established in Washington. Its work was halted only after Chairman Cummings realized that its activities were attracting unbecomingly publicity.

Where is Mr. Hugs?

South American studies are said to be greatly excited over the speech made by Franklin D. Roosevelt when he stated that Uncle Sam would have 12 votes in the league of nations—meaning that Uncle Sam would carry the votes of South America in his vest pocket. But the South Americans cannot possibly feel worse over the had break than the leaders of the Democratic party felt when they were compelled to make public denial of his statement. South America needs to feel bad about it. It can't hurt them—but it's different with the Democratic party.

Does this country want a president who believes that words were given us to conceal the facts?

American Principles Must Return.

It's time for a change in the administration and policies of the government. We have drifted under the Wilson regime so far from America for Americans—from a nation whose chief business has always been making oil, business—and have paid, and are still paying, such a high price for the drifting, that the country generally feels the need of a return to those Republican principles and policies which in the past have spelled peace and prosperity.

Responsibility on Wilson and Cox.

Because the necessary number of signatures refused to follow President Wilson in signing the "Baker" act, "Cox" is "Baker" and "Baker" is "Cox." Certainly that the "characteristics" which are so distinctly the president's should become so objectionable when discovered in those who disagree with him!

If the welfare of the world has been interfered with and responsibility in this country delivered to responsibility in Mr. Wilson's hands, responsibility which Mr. Cox is now pledged to continue.

Cox Never Strong Candidate.

An interesting fact for the system to remember is that Mr. Cox has never been elected to office in Ohio, or elsewhere for that matter, on purely national issues, and still another is that he has never been elected in a straightaway campaign. In such instance that Mr. Cox has won, it has been in an election where there has been a third ticket in the field, or a split party, which eased his way to office. And finally, always, he is elected, even when elected, he has been behind the rest of his ticket—Buckeye.

Utility Skirts and Blouses

THE most important of our clothes are those we wear oftentimes and are least conscious of. Unobtrusive things that are made for daily service have a character and charm of their own that are lasting (like the steadfastness of a sincere and dependable friend), and better than all else. The creation of utility skirts and blouses have kept all the requirements of these clothes in mind for the coming season, and after disposing of such essentials as good materials, trustworthy workmanship and smart style, have added little graces—as ingenious combinations of materials, novel finishing touches and the management of colors and patterns in material.

Holding first place in the procession of blouses come the strong, fine white voiles, made with long sleeves and trimmed with tucks and lace, or hand needle work. These blouses, and the skirts to be worn with them, command themselves to the house seamstress. Good voile blouses wear like iron and come from the laundry looking like new. The abiding charm of neatness belongs to them even though they had no other, but drawn work.

Julia Bottomley

The new and richer kind of milk—for cooking, baking, on cereals, in coffee—and for all milk and cream purposes—is Nestlé's Every Day Milk—at your grocer's. It is a real improvement over bottled milk because the useless water has been taken out. That's why it's so much richer. It's safer because it's sterilized; more convenient and more economical. Every Day keeps without ice. Keep house the modern way.

A NEW LOW RECORD FOR CAR BUILDING PROSPECT FOR 1920

Total for First Seven Months Was Only 21,000 Freight and 49 Passenger. Many Unfilled Orders. During the first seven months of the year the 25 leading car building companies had turned out but 21,000 freight and 49 passenger cars for the domestic railroads. This very small output indicates a new low record for the year, says Railway Age. At the opening of the year builders had orders for 24,816 freight and 407 passenger cars. Orders increased until the end of July they amounted to 20,475 freight and 811 passenger cars undelivered. The number of freight cars built this year up to July 31 and the number on order on that date combined amounted to 21,275. Therefore, if all orders at that time were built before the end of the year the total number built in the year would fall far short of the 100,000 which past experience indicates should be built each year to take the place of those which are so badly worn out that they should be scrapped. The number of passenger cars built up to the end of July and the number on order at that time amounted to 860. If all those on order at the end of July should be built before the end of the year, the number of new passenger cars provided would be substantially less than in any previous year except in 1919, when it was 306. The smallest number of freight cars ever built in one year for domestic service was in 1915, when it was 58,226. The next smallest number was in 1919, when it was 67,063. The Railway Age attributes the small output of cars not only to the comparatively small orders placed by the railroads thus far this year, but also to the great difficulties the car builders have met in getting labor, and especially materials. "Doubtless with labor and material conditions improving," it continues, "the car building companies, if given opportunity, could within the near future largely increase their production. Whether they will be given the opportunity will depend upon whether the railroads increase their orders and this, in turn, will depend upon the financial showings made by the railroads under the new rates." Meanwhile, the railroads are not only retaining large numbers of their old cars in their shops, but are having an unprecendented number repaired in the shops of the car building companies. The number of cars on order for heavy repairs at the end of July was 23,841, and the car builders were finishing repairs at the rate of about 8,500 cars a month.

"ASPIRIN"

WARNING! Unless you see the name "Bayer" on tablets you are not getting genuine Aspirin prescribed by physicians for 20 years and proved safe by millions. Name "Bayer" has same meaning as 14 Karat on gold.

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and for pain generally. Strictly American! Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacture at Monroeville, Pa.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to the standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the gum film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness. Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that leaves your mouth and throat a pleasant taste.

CLASSIFIED AD. ONLY ONE CENT A WORD.

Enough men to swing the Presidential election

No presidential candidate has ever beaten an opponent by a number of votes equal to the number of wearers of Blue Buckle Overalls—6,000,000 pairs worn a year

IT isn't brass bands or stump speaking that's made these millions of men think alike about overalls. *It's the overalls themselves.*

The first pair of Blue Buckle Overalls was made twelve years ago in an old deserted Virginia church.

Today, Blue Buckle Overalls are made in the largest, most up-to-date overall factory in the world. Millions of pairs are now turned out annually.

Every year more and more men have bought Blue Buckles for just one reason.

And that reason is Blue Buckles.

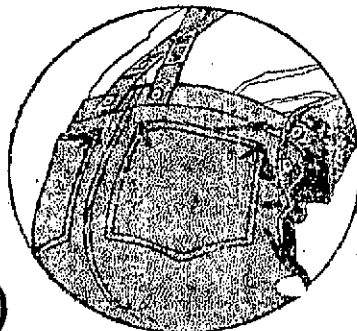

Men have come to know that

every pair of Blue Buckles they buy always gives full value.

Long wear is woven into the tough, thick denim cloth. Every pair is always big and roomy—always comfortable. The wide, double-stitched seams never rip. The heavy brass buttons and buckles don't rust or break. Every detail has the same sturdy, first-class workmanship—the same careful attention. Big convenient pockets—extra-wide suspenders, a solid back-band, and free sway raglan sleeves on all the coats.

Wear, comfort, looks—you'll find them all in Blue Buckles.

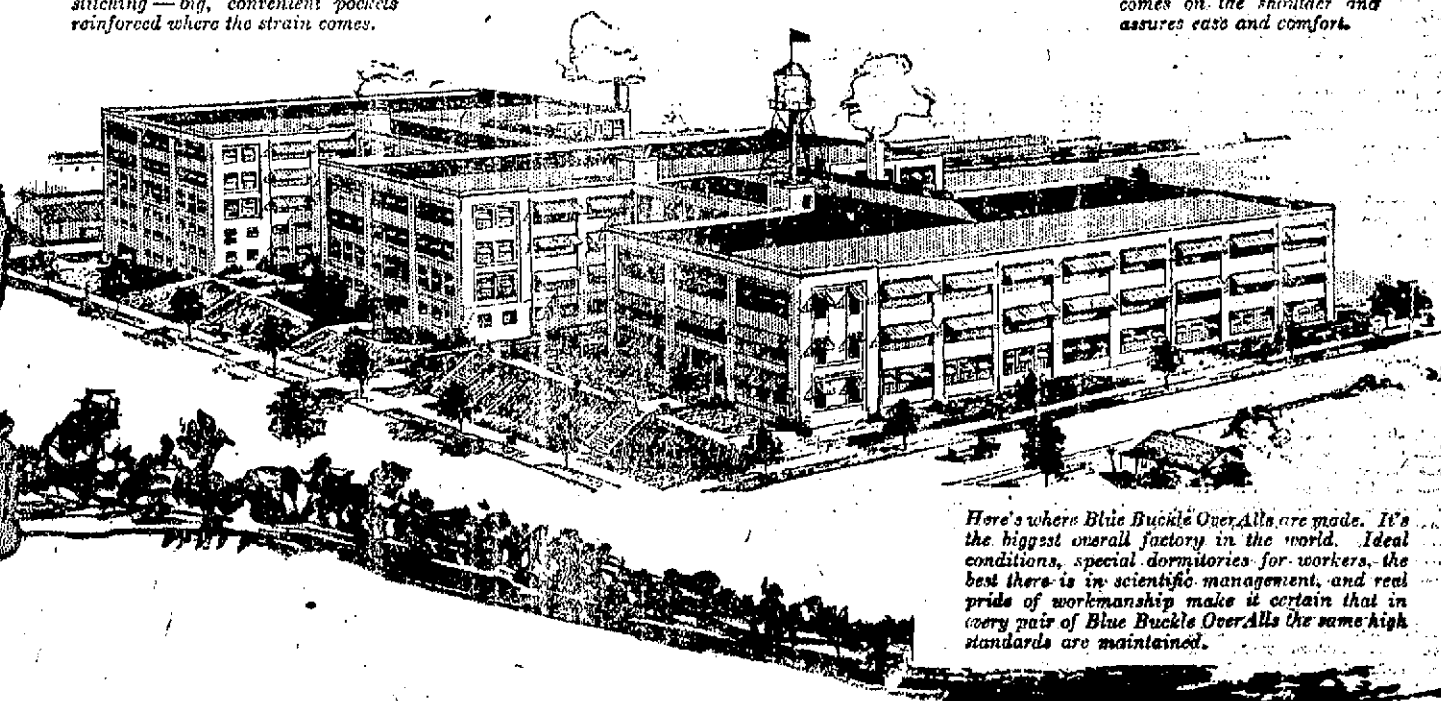

Ask your dealer for a pair today—Men's, Youths' and Children's sizes.

Here is a sample of the sort of sturdy, careful work you get in Blue Buckles—a back-band that cannot rip—extra broad seams—heavy double stitching—big, convenient pockets reinforced where the strain comes.

Shoulder and sleeve all in one piece—this is a special Blue Buckle feature. This takes up the strain that normally comes on the shoulder and assures ease and comfort.

Here's where Blue Buckle Overalls are made. It's the biggest overall factory in the world. Ideal conditions, special dormitories for workers, the best there is in scientific management, and real pride of workmanship make it certain that in every pair of Blue Buckle Overalls the same high standards are maintained.

PRODUCTION AGAIN HOLDS ABOVE 200,000 TONS MARK

Furnace Ovens Save the Situation by Good Sale in Their Output.

MERCHANTS DROP BEHIND

Their Conditions Are Without Favorable Change; Demand Good, But Firmly Anticipated Slump May Not Come for Three Months.

From the Weekly Courier.

To the furnace-oven plants is due credit for having again kept the weekly production of coke above the 200,000 tons mark. The gain of 7,100 tons made by them last week more than offset the loss of 5,100 tons at the merchant plants, bringing the weekly total of the region up to 202,840 tons. This condition was not the result of any marked change in market conditions or demand for coke, but was due to the situation arising from the change placed upon the Pennsylvania railroad by the Monongahela because of the inability of the latter to receive cars from West Brownsville yards and deliver empties in exchange. The West Brownsville district, which is served by the Monongahela railroad, did not, therefore, have a car supply and production fell accordingly. On the other hand the Connelville district, where the greater number of furnace oven plants are located, fared better with respect to car supply, hence produced and loaded out more coke than during the preceding week and considerable more than the usual proportion between furnace and merchant ovens last week.

In spite of the disproportion in production during the week conditions were without feature of change. Demand for coke continues good and prices hold to the range ruling a week ago. So far as the present situation is concerned a guide to the outlook for the fall months is good. The time of the anticipated slump, which some forecasters fixed for about the middle of September, having passed without verification of their predictions, it is now fairly safe to assume it will not also be reasonably assured that the period of depression has been still further removed in point of time. It may come in approximately three months from now, or later, some observers venture, but they can see no trustworthy signs of its earlier advent.

The demand for coal for export shows no indication of abatement. In fact there are certain evidences of growing strength in this market. So long as this condition continues the

COKE TRADE SUMMARY.

The furnace ovens came to the rescue last week in keeping the production of coke above the 200,000 tons mark. Their gain of 7,100 tons set off the loss of 5,100 tons by merchant ovens, making the total for the region was 202,840, a gain of 1,110 tons over the preceding week.

The slowing down at the merchant plants, the largest part of which are in the lower Connelville district, was enforced by the situation growing out of the inability of the Pennsylvania railroad to exchange empties for loaded cars at West Brownsville where deliveries are made by the Monongahela railroad, the principal transportation line of that district. A number of plants were prevented making full time and the curtailment of production was in direct proportion to the exchange.

Having passed the time when a slump was expected, the market has apparently settled down to a more or less established basis, from which as it is not likely to deviate. It is anticipated that the market will follow the same course until the export demand, which is now fairly good, changes at \$16.00 per ton, or Pennsylvania road. There is no interest being taken in contracts for further furnaces or sounder grades.

The estimated production of coke for the week ending Saturday, September 25, was 202,840 tons, credited to the two districts as follows: Connelville, 115,180, an increase of 4,760 tons; Lower Monongahela, 87,660, a decrease of 2,840 tons, or a net increase of 1,920 tons, as compared with a decrease of 16,700 tons during the preceding week.

By interests the production was: Furnace, 125,310, an increase of 7,100 tons; merchant, 77,530, a decrease of 3,100 tons, as compared with a decrease of 11,360 and 4,700 tons respectively during the week ended September 18. Shipments exceeded production by approximately 2,500 tons made up from the stock piles at the furnace ovens.

There was a total decrease of 120 in the number of ovens in blast during the week, 98 at furnace and 31 at merchant plants. The ovens withdrawn from the active list were as follows: 15 at Old Home, 11 at Washington No. 1, two at West Penn, four at fields No. 3, 10 at Mutual and 75 at Southwest No. 1.

CONFISCATION

Of Coal by Railroads Again Being Practiced, Shippers Complain.

Complaints of confiscation of coal by transportation companies are again featuring the fuel market. Aside from the inconvenience caused to the consignee by such seizures, the principal bone of contention between the railroad companies and the shippers has been the basis upon which claims for conversion should be paid.

For the most part the carriers have endeavored to effect settlement upon the basis of the invoice price at time and place of shipment—particularly when the invoice price is less than the current market price. The shippers have taken the position that settlement should be on the basis of replacement value; some have also insisted that the claims should also include loss of profits arising from conversion and other special damages.

PER TON VALUE OF EXPORT COAL LARGER THAN SUPPOSED

Average F. O. B. Wines During
First Seven Months Was
Only \$6.73.

BRITISH PRICES HIGHER

The Range Being \$25.00 to \$25.50 Per
Long the Same Period, Average Paid
by Canadian Consumers, \$5.07; Coal
Exports Small Part of Grand Total.

The per ton value of American bituminous coal exports during the first seven months of 1924, according to the Department of Commerce Summary, was exactly \$7.29. This \$7.29 was the value of the coal at the point where it left the United States. It includes freight from the mine to the spot where the coal is shipped out of the country.

During the seven months, the shipments of coal overseas were 3,500,000 tons. Upon this tonnage, the department places a value of \$25,500,000, or \$7.29 per ton. This figure also includes freight from the mine to the port of shipment.

A conservative average of the freight rate you do not see in the \$2.00 per ton is the coal review. Using this low rate as a basis of comparison, the F. O. B. value of all bituminous coal sent overseas, from January to July, inclusive, a period when the world wanted coal as never before, and bidders from abroad were at almost any price for American producers—was \$4.74 per ton.

Compare this figure—\$4.74—at sea board—with figures compiled for export coal abroad. Here is what Great Britain is charging, according to the Coal and Iron Trade Review's latest report, dated September 15:

Best admiral's cargo, 11 1/2 steam, 11 1/2 to 12 1/2, from \$4.00 to \$28.00 at normal exchange rates; second admiral's cargo, 11 1/2 to 13 1/2, from \$26.00 to \$27.00; best divs 11 1/2 to 12 1/2, from \$27.00 to \$28.00; other divs, 10 1/2 to 11 1/2, from \$25.00 to \$26.00.

And these prices to quote the same authority, are "minimum" export prices.

The French government is quoted as offering \$38.10 per ton for American coal. O. B. French puts the French franc rate being between \$15 and \$14 per ton. This is the equivalent of from \$14 to \$15 per ton at American dockwater points.

Yet the average per ton price of

Grandmother kept her hair fully darkened glossy and attractive with a brew of Sage tea and Sulphur. Whenever her hair took on that faded or streaked appearance, the simple mixture was applied with wonderful effect. By asking at any store for Wyeth's Sage and Sulphur Compound, you will get a large bottle of this old-time recipe improved by the addition of other ingredients, ready to use at any little cost. The simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it is so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears, and by evening application or two and it is restored to its natural color and looks glossy soft and beautiful.—Adv.

American exporters are expected according to the Department of Commerce Summary, to have shipped 3,500,000 tons of coal overseas during the first seven months of 1924. The value placed by the department on these exports was \$25,500,000, or \$7.29 per ton.

In other words, nearly nine times as much as the value of the coal at the mine. The value placed by the department on the coal at the mine was \$4.74 per ton. The value placed by the department on the coal at the port of shipment was \$7.29 per ton.

Measured by the amount of coal exported from the United States in 1924, the value of the coal at the mine was \$4.74 per ton. The value placed by the department on the coal at the port of shipment was \$7.29 per ton. The value placed by the department on the coal at the port of shipment was \$7.29 per ton.
